

One Year Forecaster

As the planets move around the zodiac they make 'aspects' or angles to the planets in your birth chart. In astrology these 'aspects' are called 'transits' and they are detailed in the pages that follow.

Sometimes a planet may aspect another, then appear to move forwards and then backwards for a long period of time recreating the same 'aspect' several times over. This backwards motion is known as 'retrograde' motion.

This forecast can be used as a helpful guide to the year ahead. At all times it is for you to choose the best path to follow and develop the most positive parts of your character.

Health watch

This is a time of discipline, enterprise and initiative. You will now work extremely hard to get things done, and will take extreme pride in the work that you do. However, you will not be very tolerant of anyone lording it over you, preferring to be your own boss. This could therefore lead to conflicts with those in authority, especially if you are not getting the credit you think you deserve. Also beware impatience with less energetic employees or colleagues. Keep physically active otherwise repressing frustrated energies could build up inner tension which would eventually cause health problems or accidents.

Hidden senses

Searching for a deeper meaning to life, mystical, metaphysical and religious matters will now attract you. You may join a group, or meet an individual, who will teach you a new philosophy or provide a more spiritual outlook. On the other hand, you may take up the role of teacher yourself. Either way, you will feel genuine sympathy for those in need and will want to help in any way you can. Just one word of warning, beware abusing alcohol or drugs.

There may be a difficulty with joint or shared resources and finances. There could be problems with tax, insurance and inheritance matters. You may become more interested in the religious or esoteric matters, more willing to explore the possibility of life after death.

Unique presentation

Surprising changes are now likely which may cause you to see life in a completely different way. Feeling restless and rebellious, you will now want to be different from the norm and will want to make your own way in life, possibly even shocking others with your unpredictable way of behaving. You will now have an electric aura that others may either find attractive, or difficult to handle. You will not like being taken for granted and you will need to be seen as an individual with the freedom to make your own choices and be yourself. A marriage or partnership that cannot adjust to the new you may now end.

Impressionable

You may now choose to view life through rose tinted glasses or possibly have difficulty in establishing a sense of self-identity. Meditation or psychotherapy would be helpful. There is also a danger of turning to hard drugs or alcohol to alleviate the harsher realities of life. This is not a good time to gamble or make financial investments. Nevertheless, at its most positive, this should be good time for those in the caring or helping professions as the sensitivity of Neptune will allow you to have compassion with others. Neptune may also surrounded you in a cloud of mystery, which others may find enigmatic, alluring and attractive.

Start of new 11-12 year period of 'personal achievement'

Luck is with you!

Greater self-confidence together with positive thoughts and actions will enable you to accomplish much more than usual during this time. You will be more aware of what is happening around you. Because you feel great you will be looking great!

Plans and projects are likely to proceed smoothly to a satisfactory and lucrative conclusion. Business transactions are therefore to be encouraged. Once in a lifetime chances should not be ignored - be they either business or personal.

New friendships will be formed, probably with influential people who can in some way help to raise your standard of living. For example, they may introduce you to new job opportunities, or provide support in business ventures. However, beware an element of arrogance with your newly acquired status. A temporary bout of giddiness at such new, previously unexplored, heights is understandable - but you must learn to quickly adjust and remember that everyone is equal.

Being quite lucky you may also win competitions around now - so why not fill in all the competition coupons you can find and keep your fingers crossed!

Health should improve, but do beware the tendency to gain weight quickly. You should particularly avoid sweet foods; this is not a time to indulge your sweet cravings!

Midas touch

This would be an excellent time to start anything new. Feeling restless, adventurous and extremely receptive to new ideas, you will now be looking to do something completely different - and whatever you do start during this time should turn out well. Business deals should be particularly profitable around now.

In fact, financially, this could prove to be an extremely successful and lucrative time in your life. Feeling confident that you have the Midas touch, you will be more than willing to take a few calculated risks. Just one word of warning, do make sure that any risks that you do take have first been properly considered. Think carefully and wisely before making major financial commitments.

Taking up some kind of new study or retraining could also work to your advantage. Be brave enough to take a bold step forward towards a new path or direction. Any decisions made now should work to your benefit even if you don't immediately see and reap the rewards - they will eventually come.

As you will also be feeling so loving towards friends, lovers and family why not consider taking a holiday around now with someone you love? Or, if you can't get away, maybe the holiday will come to you. You may have surprise visitors from abroad perhaps even family that you haven't seen for a long time!

Dynamic energy

An incredible restless, dynamic, energy will make you crave for personal freedom and independence during this time. Restrictions in your life simply will not be tolerated and you will rebel against anyone who tries to hold you back. People with some kind of authority over you, such as employers, parents or government officials, are now likely to bear the brunt of your rebellious and angry nature. You are now prepared to do battle - and nothing and no one will stand in your way!

If you are usually a very placid person, sensitive to other people's needs more than your own, then don't be tempted to hold all this rebellious anger within you just for the sake of keeping the peace. All this dynamic energy must find an outlet (possibly even through hard physical work) otherwise pent-up emotions could lead to illness.

There is another scenario to the planetary aspects affecting you at the moment. You may find that a close loved one may actually rebel against you - perhaps you haven't been allowing enough personal creative and emotional freedom to certain individuals.

Being more willing to take impulsive risks during this time - you may find yourself more accident-prone than usual. So take special care when driving a car, or handling heavy and dangerous machinery.

Jealousy, possessiveness and uncontrollable anger could cause conflicts in romance and relationships, and yet heightened powerful passions will increase your sex drive. This combination could either produce fiery passion, strengthening already inextricable bonds of love, or the blazing tempers and rows that could tear the relationship apart. The temptation to succumb to a secret love affair may prove irresistible.

Unexpected events may certainly cause disruption in your love life - and you may become involved in an intense whirlwind love affair. Emotions will be both unpredictable and unstable.

Strong foundations

To say that you've had a better time in love relationships would be an understatement. Tension, conflict, friction; they are all words to describe the way you are now likely to be feeling towards a partner. If there have been problems which have been bubbling away beneath the surface, they are now likely to erupt and if the differences are irreconcilable, then the relationship may come to an abrupt halt.

However, a strong and basically secure relationship, built on firm foundations, could survive this rather turbulent period - and although by the end of all the emotional combat you may both emerge somewhat 'worse for wear', you will also emerge with a stronger understanding of each other's needs and a love which will survive against all odds.

This unsettled, restless and impulsive conduct could affect all areas of your life, not just your love life. Work, career, relationships with friends and family, they are all now vulnerable to a sense of anxiety and tension. You are now likely to feel that you just can't be bothered with all the pressures and responsibilities that life throws forward on a daily basis. However, when planning your escape route, be sure that your plans are carefully thought out or the escape route could lead you down dangerous paths. If badly planned tunnel walls collapse, then feelings of restlessness could turn into lonely helplessness.

Somewhere over the rainbow

If there is any task that needs serious thought, study or concentration, then this is the best time to tackle it. Your concentration span and patience threshold will be much higher than usual. With feet firmly and realistically planted in the ground this will not be a time for chasing dreams and rainbows, but it could be a time for turning dreams into reality!

Any job or project that requires you to pay attention to detail, as well as evaluate as a whole, should now be attended to. In short, this a time for work that requires mental discipline, order and uninterrupted concentration; a time for long terms plans. You may now also choose to research or write about a particular subject, perhaps something to do with history or events, people or objects linked with antiquity or age. Short journeys are likely.

However, whatever project you choose, do be careful of being too fixed and narrow minded in your outlook. Remember that others may also be able to contribute with valid viewpoints. This lack of flexibility and the result of too much work and no play could leave you stuck in a rut.

Contacts with brothers and sisters are likely as is contact with older people or people in authority.

Letting go

If a love affair or relationship has recently ended, avoid the temptation to stray back - no matter how lonely or depressed you may be feeling.

Some of you may be feeling tired and worn out, as if you have nothing left to give. This is painful, but don't be too hard on yourself. There is a lesson to be learned now. Perhaps in the past you had set your ideals far too high, creating a situation where you were constantly seeking an almost impossible perfection in yourself and others. In future, you may stop being so critical and the pedestal may not be set quite so high - you may allow yourself to be a bit more realistic. But for now, no matter how you feel, let the past go; there IS a happy and bright future to look forward to.

Avoid the temptation to withdraw from life, especially from women. They could actually be of tremendous support to you now if you only let them.

Open dealings

This could be a time of tension and conflict in your relationships with others. Beware venting your anger and frustration on those closest to you just for the sake of it. If you can, look out for your partner who might suffer minor illness or even an accident. You may find it difficult to compromise, but do try, especially if discussing legal matters. Looking on the bright side, at least hidden grievances will finally be brought out into the open, hopefully helping to clear the air. You will also be willing to stand up for the rights of others who cannot stand up for themselves.

Reckoning

Peculiar moods and unpredictable emotions could cause bewilderment, strain and tension. You will now be thrown off balance by unexpected events and changes - and your sense of reality could be dramatically altered. Hidden secrets may now be revealed. Goals, ambitions and future plans may suddenly become confused and irrelevant.

Although you will now be drawn to the mystical and religious side of life, avoid foolhardy psychic and psychological experiments and practices - they will only add to the confusion already in your mind, as will an excess of drugs or alcohol. Also, this isn't a time to put your trust in people you don't know well as you could become the victim of deceit and dishonesty.

Sometimes this is a time of reckoning - a time to come to terms with your life so far and how well you've integrated the physical and mystical side of life. If one has been ignored for the other - then you still have time to make amends and redress the balance.

Sudden financial difficulties could concern inheritance, insurance or tax matters.

Holding on

The temptation to break free of certain restrictions and responsibilities will be difficult to resist. Craving adventure, excitement, or simply just something new in your life - you could now make a dash for freedom. The only problem, however, is that you may throw the baby out with the bath water. By all means rid yourself of any unnecessary restrictions and burdens - but also make sure that you hold on to anything that is useful and productive.

However, in your haste to break free, this could prove to be a period of extravagance, self-indulgence and empty promises. You could become involved with unreliable people who may temporarily lead you astray, or your own restless and impulsive way of behaving may disrupt the lives of others. If a personal relationship has become either stale or too demanding, either you, or your partner, may now want out.

Avoid the temptation to take on more than you can handle. Don't become involved in grand, over-inflated plans and schemes that, deep down, you know just will not work. Be careful that you don't let others down by promising more than you can deliver. Unstable finances could also cause problems and lead to conflicts.

Tread boldly

A sudden surge of confidence, ambition and a desire to achieve something of worth will motivate you to do things and take action that you would only have dreamed of in the past.

Instead of just sitting back and wishing for dreams to come true, you will now confidently and boldly stride forward and will start to turn those dreams into reality. Feeling fearless and self-assured, you should now feel capable of overcoming any obstacle placed in your path.

No longer satisfied with just ambling along through life you will now start to live (as opposed to just existing). Emotions should be heightened, feelings will be much more in evidence than usual, especially feelings of love.

Just one word of warning; in trying to achieve long-term plans and ambitions, and constantly looking ahead to the future, you may overlook important details which are part of your everyday routine. For example, don't forget to pay bills!

In your over-confidence, you could start to feel indestructible and could therefore overwork, pushing yourself and others around you to the brink of frayed tempers and nervous exhaustion. Don't take others for granted and don't take on more than you can handle. Also avoid overspending or mounting debts will eventually catch up with you and knock you for six!

Sympathetic

During this time, you will put others before yourself and will be seen as sympathetic, generous and optimistic. You may devote time and energy to helping those less fortunate than yourself, or simply have a strong shoulder for a friend in need to lean on. Any help, that you give now for friends, will be repaid with gratitude and love in the future.

Love, romance and friendship will all be highlighted. You will want to spend as much time as you can with people you love - enjoying their company. This could be the beginning of a pleasant, romantic love affair. But, three words of warning, watch your diet. You are likely to become somewhat self-indulgent, eating and drinking just that little bit too much!

Strenuous work should be avoided, as you will be feeling unhurried, easygoing and carefree. However, as creativity should also be enhanced, and if you've recently been lacking the necessary inspiration to pursue creative and artistic projects, then now is the time to try writing, composing music, drawing, painting; whatever you consider is your field. The end results could bring tremendous satisfaction.

If you don't consider yourself particularly creative then perhaps you may take up a new study or retrain in your job or career. Travel or a holiday would also be a good idea around now.

A financial windfall may come your way, but in wanting to surround yourself with beauty and the luxuries of life, the cash may be spent just as suddenly and quickly as it arrived!

Forge ahead

An event from the past may now influence present and future plans. Your mind will be full of ideas for the future. Feeling positive, if somewhat unrealistic, you will forge ahead and ignore any obstacles placed in your path; especially emotional obstacles.

You now feel more in touch with your own inner self and inner emotions - but take care that you are not deceiving yourself. The face that you are now presenting to the world; is that the real you or what you think the world wants to see? Are you being too idealistic and perhaps just a little unrealistic?

Emotionally, you may be torn between security and freedom. Partners, lovers and family may find your conduct selfish and overly dramatic. You may even avoid the truth or exaggerate events and circumstances. Beware being too possessive or jealous. You can't demand freedom and then refuse to give it!

This is a time to make creative changes easily in your life. Think back to several years ago and you will see that the dreams of the past could now become reality - if you would only let them. Don't linger on the fact that changes made a few years ago may have been rather upsetting at the time; open your mind and you will soon understand that they happened for a reason. More disruption in your life around now should create more changes, but this time go with the flow - don't swim against the tide.

New friendships could be formed, possibly with older and more mature individuals. Over the years you will come to rely on these loyal, dependable friends for their truthfulness and sound advice.

A word of warning: be careful not to over-tire yourself. No matter how much you think you can handle, you are only human and you will get tired from time to time. Therefore, make sure that you allow yourself plenty of time for rest and relaxation.

There are likely to be arguments with loved ones, close family and friends. That is probably because you will not be quite as sympathetic and compassionate as usual - and also, at the moment, you will be inclined to feel that your word is law and no one should dare to question it!
